

# **Update on the Covered Electronic Waste Recycling Program**

**CalRecycle Monthly Meeting  
August 16, 2011**

# >1,000,000,000 Pounds Recycled!

- 99% CRT devices by weight
- Nearly 5 pounds per capita annual average
- A similar amount of 'other' electronics

## Covered Electronic Waste Recycling Payment System

### Quarterly Monies and Pounds Claimed (as of July 28, 2011)

\* Change in the standard payment rate effective 3rd quarter 2008.

# CRT Glass Management Challenge

- CRT glass must be shipped before claim submittal
- Glass-to-glass market disappearing
- Lead smelter options limited
- Potential impacts on cost of CEW recycling
- Alternatives?

# CRT Glass Management Challenge

- DTSC is currently reviewing UW regulations
- CalRecycle is open to adjusting CEW rules
- Joint workshops planned beginning in September
- Goal of having emergency options by November

# Claim Compliance Concerns

Fiscal Year	Dollars Denied	Adjustment Rate
